

INDEX

- A**BSORPTION, fat, effect of adrenalectomy on, 619.
 — of chloride from lower ileum, 37.
 — of glucose and glycine, anoxia and, 288.
- Acidosis and renal tubular reabsorption of phosphate, 781.
- ACKERMAN, R. F., H. CURL and L. A. CRANDALL, JR. Gastrointestinal tract motility in the absence of bile, 32.
- Activity in isolated sympathetic ganglia, 251.
- ADKISON, J. L. See GRAY and ADKISON, 27.
- Adrenal and ovarian steroids, capillary response to, 258.
 — cortex, anti-insulin effect of pituitary via, 8.
 —, lactation factor of, 12.
 — steroid as prophylactic in shock, 426.
 — steroids in vitamin-B₁ deficiency, 125.
- Age and gastric emptying time, 719.
- Adrenalectomy, cation distribution in muscle after, 225.
 —, effect of desoxycorticosterone acetate and blood serum after, 503.
 —, effect of, on fat absorption, 619.
- Adrenals, weight changes of, in vitamin B₁ deficiency, 119.
- ALEXANDER, F. A. D. See FAZEKAS, ALEXANDER and HIMWICH, 281.
- Amniotic fluid, fetal aspiration of, 769.
- Anemia, hemoglobin production and, 263.
- Anesthesia, barbital, temperature regulation under, 350.
- Angiotonin, pressor response to renin and, 789.
- Anoxia and absorption of glucose and glycine, 288.
 —, tolerance of newborn to, 281.
- Antithrombins, immediate, quantitative effects of, 54.
- Aqueous humour, studies on, 1.
- ASHER, R. See PERLOW, KILLIAN, KATZ and ASHER, 755.
- B**ALLISTOCARDIOGRAPH, vertical, and circulation on arising, 403.
- Barbital anesthesia, temperature regulation under, 350.
- BAVETTA, L., L. HALLMAN, H. J. DEUEL, JR. and P. O. GREELEY. The effect of adrenalectomy on fat absorption, 619.
- BEATON, L. E. and H. W. MAGOUN. Localization of the medullary respiratory centers in the monkey, 177.
 —. See MAGOUN and BEATON, 186.
- BIDDULPH, C. See MEYER and BIDDULPH, 141.
- Bile and intestinal motility, 32.
- BLAIR, E. A. See ERLANGER, BLAIR and SCHOEPFLE, 705.
- Blood and muscle, phosphate changes in, 40.
 — building, effects of cobalt and liver on, 746.
 — cells, red, determination of number of, 739.
 — changes due to coccidiosis and bleeding, 19.
 — flow and pressure, renal, in hypertension, 493.
 — pressure, venous, collapse factor in measurement of, 292.
 — serum, enzymatic inactivation of cholecystokinin by, 733.
 — transfusions, effect of, after adrenalectomy, 503.
 — sugar, relation of pancreatic secretion to, 208.
 — volume changes in hot environment, 165.
 —, roentgenographic observations of, 808.
- BOTT, P. A. See WALKER, BOTT, OLIVER and MacDOWELL, 580.

- BOYD, T. E. and M. C. PATRAS. Variations in filling and output of the ventricles with the phases of respiration, 74.
- Bromine uptake by thyroid gland, 107.
- BRONK, D. W. See PITTS, LARRABEE and BRONK, 359.
- BROWN, R. V. The effects of water moccasin venom on dogs, 202.
- BROWNELL, K. A. See SPOOR, HARTMAN and BROWNELL, 12.
- BUELL, M. V. and E. TURNER. Cation distribution in the muscles of adrenalectomized rats, 225.
- BUGEL, H. J. See SCOTT, COLLIGNON, BUGEL and JOHNSON, 208.
- C**ALCIUM and magnesium, potassium, diuretic effect of, 729.
- Capillary response to adrenal and ovarian steroids, 258.
- Carbon monoxide, respiratory and circulatory responses to, 683.
- Cardiac and liver glycogen, effect of insulin on, 798.
- energetics, resistance and input loads in, 636.
- output by foreign-gas method, 268.
- —, respiratory variations of, 74.
- ventricles, spread of excitation in, 319.
- Cardiac. See Heart.
- Cardiovascular control, hypothalamic, 359.
- Cation distribution in muscle after adrenalectomy, 225.
- Cerebrospinal fluid pressure in vitamin A deficiency, 436.
- CHAIKOFF, I. L. See PERLMAN, MORTON and CHAIKOFF, 107.
- Chemical temperature regulation, 596.
- CHIODI, H., D. B. DILL, F. CONSOLAZIO and S. M. HORVATH. Respiratory and circulatory responses to acute carbon monoxide poisoning, 683.
- Chloride absorption from lower ileum, 37.
- Cholecystokinin, enzymatic inactivation of, by blood serum, 733.
- Circulation on arising, vertical ballistocardiograph and, 403.
- Circulatory response of chronic spinal dogs to ether, 65.
- responses, respiratory and, to CO, 683.
- Cl³⁸ in tissues, 83.
- CLISBY, K. H. See RICHTER and CLISBY, 157.
- Coagulant action of Daboia venom, 609.
- Cobalt and liver, effects of, on blood building, 746.
- Coccidiosis and hemorrhage, blood changes due to, 19.
- COLLIGNON, U. J. See SCOTT, COLLIGNON, BUGEL and JOHNSON, 208.
- CONSOLAZIO, F. See CHIODI, DILL, CONSOLAZIO and HORVATH, 683.
